## OUR BUSINESS OBJECTIVES

**Techfinn Limited** was established in 2009 as part of the Griffin Group of companies in Yemen. Techfinn aims to provide technology services and solutions for the Education, Vocational Training, Health Care, Electrical, Analytical, and Oil & Gas sectors along with the supply of the related equipments for these fields.

## OUR SERVICES

The team has several years of experience in the field of procurement. We have supplied equipment to a large number of industrial facilities and healthcare sector including a broad range of medical, electrical, and mechanical hand tools to all areas in the industrial, agricultural, oil and gas, hotel and tourism fields.

We also provide training and educational support for a diverse range of large equipment and furniture.

In addition to our work in local projects, we provide services to externally funded projects by the World Bank, the European Union, Organization of Petroleum Exporting Countries, Islamic Development Bank, Saudi Fund for Development, Japan Chemical Industry Association, and more.
